**Safe, easy to operate, space saving electric garage doors.**

Discover how the luxury of a remote control roller garage door will spoil you forever. You don't even have to get out from the security of your car to open the door.

AMO SECURITY offers the ideal solution to those heavy, bulky, worn out, hard to operate up and over garage doors. A luxury remote control door from our Classic, Premier or exclusive Grosvenor laminated wood grain in golden oak, mahogany and walnut.

Our compact roller shutter doors elegantly blend security with the convenience of powered operation smooth vertical opening and built-in insulation.

These doors are perfect for any garage, even if you have arched doorways, minimal head room, or opening on to a short drive allowing you to park right up to the door. Each door can be fully installed in less than a day by our skilled engineers and comply with all European quality standards.
